Interacting with LLMs and Generation Parameters

Thursday, February 12, 2026 6:04 PM

Recap

Creating gemini API key, Interact with gemini-3-flash-preview

client = genai.Client()

client.

response = client.models.generateContent(
model = ' ',
contents = ' '.
).

response.text

client = OpenAI()
= Groq()
= Mistral()

Groq API, Mistral. → Store, Interact with LLM.
