Summary of Messages, Add Tools to ChatBot

Monday, March 30, 2026 6:04 PM

Recap.

Build a chatbot using LangGraph

added memory to store conv.

In Memory Saver()

Create an obj

Add obj to a param

Checkpointer

Temporary Memory

Session is stopped

Mem del.

Another way to add Mem

✓ Sqlite3.

.db.

Long term Term

In memory → Conv → piled up.

To LLM

a large Context

sent i/p.

Context window

Limits

No. of messages

by del / 'RemoveMessage' from memory.

✗ Truncates ✗

Summarize messages.

Chat Bot → Conv.

Agentic Beh

Add a tool

graph

Add another

Add another Tool → Human in the loop. → Suggestion → o/p will be modified.

↓ graph ↓ Agentic Beh

Summarize Message

↓ Main prob → Truncates past message in history.

↓

✗ we may lose useful info

Instead of del distant past messages → Summarize messages with LLM

retain

↓ state

Start → Chatbot → end

Start → Chatbot ~ end.

Chat-bot ⇄ Summarize (#M > 5) → as a Context → end

Number of Messages [Hum, Sys, Tool, AI..] in memory > 5.
